Safety Precautions (to be strictly observed)

The cautions listed here are to ensure safe product operation and to avoid risk or damage to the user or other individuals. Please be sure to follow these precautions.

● Graphical symbols

The items explained under this symbol are precautions that may result in mild or moderate injury or property damage from the incorrect handling of the product if the caution is not followed.

⚠ CAUTION

● Install the product correctly.

When using this product, please carefully read the 'Installation Procedure' in the next section and install it correctly.

● Take caution not to cause parts to come off from the product.

Even if the product is installed correctly according to the installation procedure, the backrest cushion may come off if a customer moves their body violently or twists their body with force on the product. Make sure to keep an eye on the customer while using this product.

● Avoid applying excessive load.

Do not place your hands on this product or lean on it from the side. Otherwise, the backrest cushion may suddenly come off, causing a fall or other accident.

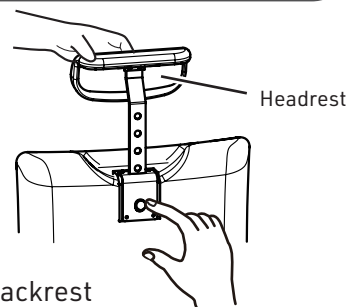

● Avoid placing any object on the product.

Do not place any object on this product. Wobbling of the chair or other motion may result in a fall.

Installation Procedure

1 Pull out the headrest.

Pull out the headrest to the maximum locking position as described under 'Offering Services Using the Headrest' on page 43 of the Operating Instructions for the motorised chair THE ONE.

2 Install the backrest cushion.

Direct the frame of the backrest cushion towards the back of the backrest. Fit the backrest cushion in the direction of ①.

Push in the headrest in the direction of ②.

Check that the backrest cushion does not move.
